DIPLOMA COURSES

The college offers Diploma and Post Graduate Diploma Programmes in various disciplines. The courses will be on distance learning method with support of well designed tools like text books, projects, project guidelines, case studies etc.

1. DIPLOMA IN ASTROLOGY (DIA) (DURATION- 6 MONTHS)

MODULE 1

This module will introduce students to the very basics of Astrology. Starting from Mangalacharan (Prayer), it will cover scientific applications, Indian overview, Five pillars of Astrology, Malefic Constellations, etc. On completion of module 1 students will familiarize with the subject & feel comfortable with Astrological terminologies.

MODULE 2

This module will make students know about the nine planets, their significance, behaviors, effects, etc. This module shall also throw light on various houses in a horoscope and what to see from them. After finishing Module 2 students will have their platform of astrology on a sound plinth.

MODULE 3

This module will deal with effects of planets in different position of the horoscope. It shall give an in-depth analysis like effect on one's looks, physical characteristics, profession, health, likes- dislike's, wealth, job or business, children, spouse, etc. On completion of Module 3 students will be in a position to analyze and see various aspects in a horoscope.

MODULE 4

This module will deal with the effects of zodiac sign in different places in the horoscope. It shall also cover special combinations based on these signs. Module 4 offers student with further practical and advance concepts, which will further motivate and help them to learn systematic and advance concepts.

MODULE 5

This module will show students the relativity effect of time by way of understanding of 'dashes'. Students shall study the effect of time from 20 years to 2 months based on various Mahadasha/Antar Dasha, 'Pratyantar Dasha' and Sukhshma Pratyantar Dasha. On completion of Module 5, students will add a new dimension into their study, that is Time.

MODULE 6

This Module Shall Give the students the last mile thrust so that they can practically read a horoscope. This module shall initiate students on reading horoscope with many practical guidelines. On completion of Module 6, students will gain knowledge and confidence in Astrology so that they can go ahead in their journey of reading horoscope

MODULE 7

This Module Cover all Yogas (combinations) of planets, zodic signs & places in horoscope. Yogas will give advance understanding of the subject with real in depth analysis & to the point prediction. On completion of Module 7, students will be able to see various subtle & bottom line combinations which bring a new look in the whole scenario.

MODULE 8

This module covers comparison and predictions on the basis of position of planets in the current scenario with what it was at the time of birth. In this module student shall master latest and day-to-day movements of planets. And predictions based on them. Module 8 shall give insight to students about the current time-frame.

MODULE 9

This module covers all the constellations with their Charn (parts) & the effect on people born under these constellations. This shall also throw light on predictions based on these with various sets of solutions. Here surging deep into this aspect shall benefit students which South Indian Astrologers are fascinated to.

MODULE 10

This module covers the various doshas or defects in the horoscope. The major doshas, covered are Pitra Dasha , Nadi Dasha, etc. It shall throw light on why they occurred, what negative effects they have and the practical and applicable solutions for these doshas. Probably the most powerful, most true and most result oriented art, which students can study and confirm within their environment.

MODULE 11

This module shall Focus specifically on the various solutions that can be suggested based on the defects or day-to-day problem. This shall be a vast subject that cover crystals, precious gems, various pujas, japas, simple solution, daana, mantra, yantra, etc. A Detailed & informative topic by which students will be benefited to work out & suggest solutions that are impatiently sought after good analysis of horoscopes.

MODULE 12

Project- This module shall be a project & in depth analysis on astrology for students. It shall cover practical aspects like when or what to apply at the time of reading horoscopes so that they can feel the depth themselves what a renowned astrologer has. After completion of this module student shall have sufficient knowledge and confidence to establish themselves in the society as an Astrologers, if they wish.

4. DIPLOMA IN FENG SHUI ASTROLOGY (DIF) (DURATION- 6 MONTHS)

Feng Shui is an ancient Chinese art of placement which channelizes energy of the 5 elements, heaven(kan) and earth (yu) for the benefits of human beings. Feng Shui is based on Universal laws like gravitation of earth, earth's movements, its tilt on its axis, etc. due to which Feng Shui can be applied Universally be it India, China, America, Africa, Australia or any other country or continent. Feng Shui aims at creating auspicious and positive environment with simple symbolic cures and placement as it does not recommend heavy structural changes in property. Due to this reason Feng Shui has been developed as a much cheaper, effective and easy to apply alternative of Vastu Shastra. Today many Vastu experts are using Feng Shui cures for remedy of properties.

Architects, Interior Designers, Engineers, Astrologers and many other technicians world over are applying rules of Feng Shui to make their work more effective and beneficial for their clients. Feng Shui works not only in homes but it also helps to generate positive results of nature's energy at factories, offices, schools, hospitals, godowns, shops etc.

MCVA is the only institute in India to offer the fundamentals of Compass school of Feng Shui in original Cantonese Chinese which has been translated to English by experts of MCVA. Also, MCVA shall teach its students basic form school Feng Shui and reading Tung Shu (the Chinese Almanac or panchanga). Institute's Feng Shui course with a package of Chinese Astrology that enables students to make Chinese horoscopes & make suggestions based on that. Students shall learn Lo-Pan(Chinese Compass) which has many rings and many styles. The institute imparts training on various ancient yet powerful Chinese formulae that are based on Late and Earth Heaven sequences, Sam Yuen flying stars, etc.

The course on Feng Shui and Chinese Astrology will make students a genius in the field of energy balance, energy restructuring and energy channeling based on Feng Shui concepts which are proven effective since last 500 decades. MCVA students shall probably be the best Feng Shui consultants of future with unmatched quality knowledge and instrumentation.

MODULE 1

2. MASTERS IN TAROT CARD READING

Introduction to Tarot Master's Course

Welcome to the Tarot Master's Course, a transformative and in-depth exploration of the ancient art of tarot reading. Building upon the foundational knowledge gained in the Diploma course, this advanced program is designed to take your tarot skills to new heights, empowering you to become a true master of the cards.

Throughout this course, we will embark on a profound journey of self-discovery, intuition, and spiritual growth. As a tarot master, you will learn to unlock the hidden meanings behind each card, delve deeper into their symbolic significance, and develop the ability to interpret their intricate relationships with greater depth and clarity.

In the earlier stages of your tarot education, you gained a solid understanding of the major and minor arcana, explored their archetypal representations, and studied their nuanced interpretations. Now, in the Tarot Master's Course, we will expand upon this knowledge and delve into a variety of specialized areas within tarot reading.

One crucial aspect we will explore is the art of intuitive reading. Tarot is not just about memorizing card meanings; it is about tapping into your intuition, developing a profound connection with the cards, and trusting your inner guidance. Through a series of exercises and practices, you will cultivate your intuitive abilities and learn to conduct readings that are deeply insightful and personalized.

As a tarot master, you will encounter a diverse range of clients, each with their own unique circumstances and concerns. Therefore, we will dedicate ample time to exploring specific areas of tarot reading that are commonly sought after. This includes mastering the art of relationship readings, where you will gain insights into the complexities of human connections and develop the skills to provide guidance in matters of the heart.

We will also delve into the fascinating realm of tarot remedies, learning how to suggest effective remedies to our clients based on the insights gained from the cards. You will explore the power of affirmations, harnessing the energy of each card to manifest positive change and empowerment in your life and the lives of others.

To enhance your understanding of tarot combinations and their significance, we will delve deeper into this topic, allowing you to better comprehend complex situations and provide comprehensive readings. Furthermore, you will learn about the ancient practices of candle magic and sigil creation, enriching your repertoire of divination techniques and empowering you to manifest desires effectively.

Recognizing the significance of holistic approaches, we will explore the realm of medical tarot. You will gain insights into how to identify health issues through tarot cards, enabling you to provide valuable guidance and support to those seeking answers about their well-being. Additionally, we will dedicate time to career tarot, empowering you to offer guidance and clarity to individuals navigating their professional paths.

Throughout the course, you will have ample opportunities for hands-on practice, engaging in interactive exercises, group discussions, and case studies. These experiential learning opportunities will deepen your understanding of tarot, refine your reading skills, and nurture your confidence as a tarot master.

Guided by experienced tarot practitioners, you will receive personalized feedback and guidance tailored to your individual growth and development. Our aim is to provide you with the tools, insights, and confidence to embark on your journey as a skilled tarot reader and guide. Whether you aspire to offer readings professionally, enhance your personal spiritual practice, or simply deepen your understanding of the tarot, this course will equip you with the expertise to unlock the profound wisdom within the cards and empower both yourself and those you serve.

Prepare to embark on an extraordinary journey of self-discovery, intuition, and spiritual exploration. Together, let us walk the path of the tarot master, embracing the transformative power of the cards and illuminating the way for others.

Here are the topics covered in the Tarot Master's Course:

1. Tarot Remedies: Exploring the need for remedies in tarot readings and learning effective techniques for suggesting remedies to clients. (5-4 classes)
2. Affirmations with Cards: Harnessing the power of each card's imagery and energy to create affirmations for personal growth and manifestation. (2 classes)
3. Reading Tarot in Relationships: Understanding and interpreting tarot cards within the context of relationships, providing guidance and insights on matters of the heart. (5 classes)
4. Combinations in Tarot Cards: Examining the significance of card combinations, enabling a deeper understanding of complex situations and enhancing the accuracy of readings. (4 classes)
5. Candle Magic: Exploring the practice of candle magic as a powerful tool for manifestation and transformation, incorporating it into tarot readings, (2 classes, including practical sessions)

6. Sigil Creation: Learning the art and language of symbols through sigil creation, enhancing intuition and divination skills. (2 classes)

7. Effective Tarot Readings and Developing Intuition: Exploring techniques to conduct effective readings, developing intuitive abilities, and establishing grounding practices. (1 session)

8. Medical Tarot - Part 1: Gaining insight into using tarot cards to identify health issues and provide guidance in matters of well-being. (6-5 classes)

9. Medical Tarot - Part 2: Continuing the exploration of medical tarot, expanding knowledge and interpretations in relation to health-related questions.

10. Career Tarot: Applying tarot reading techniques to provide guidance and clarity in career-related matters, helping individuals navigate their professional paths.

11. Detailed Spreads with Practice Classes: Deepening understanding of various tarot spreads, their applications, and practicing their implementation.

12. Practical Spreads - Part 2: Further exploration of practical spreads, focusing on specialized areas and scenarios to expand reading skills.

Throughout the course, students will engage in hands-on practice, interactive exercises, group discussions, and case studies. These activities will provide opportunities to refine tarot reading skills, deepen understanding, and receive personalized feedback and guidance from experienced tarot practitioners.

By the end of the Tarot Master's Course, students will have acquired the knowledge, skills, and confidence to embark on their journey as skilled tarot readers and guides. This course equips students to offer professional readings, enhance personal spiritual practices, and deepen their understanding of the profound wisdom within the tarot cards.
